Assumptions:

- ¹ The Program Year (PY) 2016 AEFLA State Grant is the period of availability for FY 2016 State Award Allocations of Federal Adult Education and Literacy Act State Grants beginning July 1, 2016. The PY 2016 AEFLA State Grant for Texas (as announced by the Office of Career, Technical, and Adult Education, U.S. Department of Education, May 6, 2016) is \$59,196,402, of which the subset award for English Literacy and Civics Education (EL/Civics) totals \$6,120,506.
- ² All State Administration (NTE 5 percent) and State Leadership Activities (NTE 12.5 percent) applied against the non-EL/Civics federal funds amount.
- ³ State Administration amount totals \$2,959,820 and State Leadership Activities amount totals \$7,399,550 in federal funds and \$2,377,140 in state general revenue matching funds.
- ⁴ Local awards of AEFLA State Grant funds (exclusive of EL/Civics) total \$42,716,526 of federal funds.
- ⁵ The \$42,716,526 of AEFLA Grant funds plus \$6,120,506 in EL/Civics grant funds totals \$48,837,032, which is the required 82.5 percent of the AEFLA State Grant total which must be local awards.
- ⁶ \$42,716,526 is the allocation total for AEFLA non-EL/Civics funding based on the PY 2016 federal award. The amount allocated of these funds on the basis of the relative proportion of the number of individuals aged 18 and older without a secondary degree and not enrolled in school is \$41,556,374. An equal base amount of .1 percent (2.8 percent in the aggregate) is applied, in concert with §800.68(b) of TWC Rules.
- ⁷ State General Revenue (G.R.) Matching Funds total \$11,885,700, at least 80 percent of which will be allocated to LWDA's. The amount allocated of these funds on the basis of the relative proportion of the number of individuals aged 18 and older without a secondary degree and not enrolled in school is \$9,508,560. An equal base amount of .1 percent (2.8 percent in the aggregate) is applied, in concert with §800.68(c) of TWC Rules.
- ⁸ \$69.8 million in PY 2016 is allocated among all states by the U.S. Department of Education, 65 percent on the basis of each state's relative proportion of national EL/Civics absolute need, and 35 percent on the basis of states experiencing growth in the number of legal permanent residents during the most recent 3-year period. EL/Civics absolute need is determined by calculating each state's relative proportion of a 10-year average of the most recently-available U.S. Department of Homeland Security (DHS) data on immigrants admitted for legal permanent residence. The EL/Civics PY 2016 Award Amount for Texas (as announced by the Office of Career, Technical, and Adult Education, U.S. Department of Education, May 6, 2016) is \$6,120,506. An equal base amount of 1.0 percent per LWDA (28 percent of the allocation in the aggregate) has been applied, in concert with §800.68(d)(2) of TWC Rules.
- ⁹ Performance Based Funding Reserve amounts are AEFLA Federal State Grant Funds that become available upon demonstrating compliance with performance related benchmarks.

Notes:

- 1 At least 80 percent of the Employment Services funds available to the Commission are allocated to the workforce areas on the basis of the established formula utilized by the Federal Government to allot the funds to Texas, based two-thirds on the relative proportion of the total civilian labor force residing within the workforce area to the statewide total civilian labor force and one-third on the relative proportion of the total number of unemployed individuals residing within the workforce area to the statewide total number of unemployed individuals, and application of a hold harmless/stop gain procedure. [TWC Rules §800.57(b)]
- 2 Employment Services allocations exclude amounts for personnel fringe benefits.
- 3 The Migrant & Seasonal Farmworker (MSFW) distribution amounts are not part of Employment Services allocations, but are customarily included on this schedule. For FY 2017, the MSFW distribution amount per pertinent workforce area is determined on the basis of the relative proportion of MSFWs served from April 2015 through March 2016, provided that no workforce area will receive a distribution of any less than 90 percent of the proportion of MSFW funds received in FY 2016.

Notes:

- ¹ At least 80 percent of the Supplemental Nutrition Assistance Program (SNAP) Employment and Training funds available to the Commission are allocated to the workforce areas using a need-based formula, in order to meet state and federal requirements, on the basis of the relative proportion of the total unduplicated number of mandatory work registrants receiving food stamps residing within the workforce area during the most recent calendar year to the statewide total number of unduplicated mandatory work registrants receiving food stamps, an equal base amount, and application of a hold harmless/stop gain procedure. [TWC Rules §800.54(b)]
- ² Additional federal funds to serve only SNAP Employment & Training able-bodied adults without dependents (ABAWD) may be forthcoming later during the program year, as they have been every year since authorization in FY 2002. Any such additional ABAWD-only federal funds made available as a supplemental allocation are not reflected in the allocation amounts for FY 2015 and FY 2016 on this sheet, or assumed in the allocations for FY 2017; however, separate columns indicate those supplemental allocation amounts and the FY 2017 Planning Estimates for SNAP Employment & Training ABAWD-only. Texas' proportion of an estimated \$20 million in national ABAWD-Only funding is customarily made available by the U.S. Department of Agriculture, Food and Nutrition Service, sometime after the beginning of the program year. These ABAWD-Only funds will be allocated at that time to workforce areas, in the same relative proportions as the original allocation.

Note:

1) For Fiscal Year 2017, the Commission is exercising its authority as provided in TWC Rules [§800.51(f)] that, notwithstanding any other provision of the rules, the level of funding allocated to a workforce area may be determined, modified, or reallocated by the Commission to ensure full utilization of the funding, to ensure compliance with State and federal requirements applicable to the State, or to respond to unforeseen demographic or economic changes, and [§800.51(e)] that funds available to the Commission that are not otherwise allocated under this subchapter may be used by the Commission for purposes authorized by State and federal laws and regulations. The Commission has determined that the level of funding for a workforce area for aggregated TANF Choices, Employment Services, SNAP Employment & Training, and Workforce Innovation and Opportunity Act should not be lower than the average of the 20 percent of workforce areas that comprise the smallest allocations among all workforce areas. Therefore, the procedure by which amounts for FY 2017 to assure that workforce area combined allocations are no lower than the average of the smallest 20 percent is outlined above. A determination regarding additional program amounts will be made each year by the Commission subject to the availability of funds.
