18 The purpose of the proposed Chapter 843 rule change is to comply with Senate Bill (SB) 374,  
19 passed by the 84th Texas Legislature, Regular Session (2015). SB 374, relating to state agencies'  
20 participation in the federal electronic verification of employment authorization program, E-  
21 Verify, amends Texas Government Code, Chapter 673, by adding that state agencies and  
22 institutions of higher education as defined by Texas Education Code §61.003 are required to use  
23 E-Verify for all newly hired employees.

24  
25 Additionally, the Agency has provided notice, registration information, and online forms for the  
26 E-Verify program to all agency heads, human resource directors, and university presidents. The  
27 Agency also will provide technical assistance, upon request.

29 **PART II. EXPLANATION OF INDIVIDUAL PROVISIONS**

30 (Note: Minor editorial changes are made that do not change the meaning of the rules and,  
31 therefore, are not discussed in the Explanation of Individual Provisions.)

32  
33 **SUBCHAPTER A. GENERAL PROVISIONS**

34 **The Commission proposes the following amendments to Subchapter A:**

35  
36 **§843.3. Public Employer Requirements Regarding E-Verify**

37 New §843.3(a) adds that state agencies and institutions of higher education must register and  
38 participate in the federal electronic verification of employment authorization E-Verify for all  
39 newly hired employees, as required by Texas Government Code §673.002.

40  
41 New §843.3(b) adds that, in accordance with Texas Government Code, §673.002, the Agency

43 agencies, and may provide technical assistance, upon request.

44  
45 **PART III. IMPACT STATEMENTS**

46 Randy Townsend, Chief Financial Officer, has determined that for each year of the first five  
47 years the rules will be in effect, the following statements will apply:

3 of enforcing or administering the rules.  
4

5 There are no estimated cost reductions to the state and to local governments as a result of  
6 enforcing or administering the rules.  
7

8 There are no estimated losses or increases in revenue to the state or to local governments as a  
9 result of enforcing or administering the rules.  
10

11 There are no foreseeable implications relating to costs or revenue of the state or local  
12 governments as a result of enforcing or administering the rules.  
13

14 There are no anticipated economic costs to persons required to comply with the rules.  
15

16 There is no anticipated adverse economic impact on small businesses or microbusinesses as a  
17 result of enforcing or administering the rules.  
18

19 Economic Impact Statement and Regulatory Flexibility Analysis

20 The Agency has determined that the proposed rules will not have an adverse economic impact on  
21 small businesses, as these proposed rules place no requirements on small businesses.  
22

23 Doyle Fuchs, Director of Labor Market and Career Information, has determined that there is no  
24 significant negative impact upon employment conditions in the state as a result of the rules.  
25

26 Reagan Miller, Director, Workforce Development Division, has determined that for each year of  
27 the first five years the rules are in effect, the public benefit anticipated as a result of enforcing the  
28 proposed rules will be to provide state agencies accurate and pertinent information for new hire  
29 employment authorization by enhancing hiring practices that will increase accountability and  
30 provide cost savings to state agencies by using an electronic employment verification system  
31 while complying with federal requirements.  
32

33 The Agency hereby certifies that the proposal has been reviewed by legal counsel and found to  
34 be within the Agency's legal authority to adopt.  
35

36 **PART IV. COORDINATION ACTIVITIES**

37 In the development of these rules for publication and public comment, the Commission sought  
38 the involvement of Texas' 28 Boards. The Commission provided the concept paper regarding  
39 these rule amendments to the Boards for consideration and review on August 25, 2015. The  
40 Commission also conducted a conference call with Board executive directors and Board staff on  
41 September 11, 2015, to discuss the concept paper. During the rulemaking process, the
