7
8 The Texas Workforce Commission (Commission) proposes the following new section to
9 Chapter 800 relating to General Administration:

10
11 Subchapter A. General Provisions, §800.8

12
13 **PURPOSE, BACKGROUND, AND AUTHORITY**
14 **EXPLANATION OF INDIVIDUAL PROVISIONS**
15 **IMPACT STATEMENTS**

16
17
18 **PURPOSE, BACKGROUND, AND AUTHORITY**

19
20 The Commission proposes a new rule relating to suspension of rules. The purpose of the
21 rule is to allow the Commission to suspend rules in order to ensure timely and
22 appropriate administration of the Commission’s employment and training and
23 unemployment insurance services.

24
25 In August and September 2005, two extraordinary natural disasters, Hurricanes Katrina
26 and Rita, unexpectedly impacted Texas residents, property, and resources. Both were
27 declared major disasters by President Bush. On September 20, 2005, the Governor of
28 Texas certified that Hurricane Rita posed a threat of immediate disaster along the Texas
29 Gulf Coast and authorized implementation of all necessary and appropriate public
30 measures to respond to the threat. The disasters resulted in thousands of individuals
31 evacuating from Louisiana to Texas, the flooding of thirteen eastern Texas counties, the
32 complete destruction of the infrastructure of several communities, and have prevented
33 many affected persons from receiving Agency services and left tens of thousands in need
34 of Agency services.

35
36 The Commission believes that the imminent peril to the public health, safety, and welfare
37 posed by the two hurricanes requires that the Commission have the flexibility to suspend
38 specific rules that are unmistakably inapplicable or unenforceable for compliance in an
39 urgent public emergency. The new rule allows the Commission to respond immediately
40 and effectively to a public emergency or imperative public necessity, while continuing to
41 provide unimpeded services.

42
43 Furthermore, the proposed new rule provides that the Commission will suspend a rule
44 only after it finds a public emergency or imperative public necessity, and only after the
45 Commission finds that the suspension will best serve the public health, safety, or welfare.
46 The Commission believes that this language is appropriate and necessary to respond to

1 unforeseen circumstances and emergency situations. The Commission will suspend, in
2 open meeting, only those rules whose suspension will best serve the public health, safety,
3 or welfare and will not suspend any rule that merely restates federal statute or regulation
4 or state statute that is beyond the Commission’s authority to suspend or defer.
5

6
7 **EXPLANATION OF INDIVIDUAL PROVISIONS**

8
9 **SUBCHAPTER A. GENERAL PROVISIONS**

10
11 **§800.8. Suspension of Rules**

12
13 The Commission proposes adding new §800.8, Suspension of Rules, which provides the
14 Commission with the authority to suspend the operation of one or more of the provisions
15 in this title, on either a statewide or other basis, if the Commission finds a public
16 emergency or imperative public necessity exists, and the Commission finds that the
17 suspension will best serve the public health, safety, or welfare.
18

19 **PART III. IMPACT STATEMENTS**

20
21 Randy Townsend, Chief Financial Officer, has determined that for each year of the first
22 five years the rules will be in effect, the following statements will apply:
23

24 There may be additional estimated costs to the state and local governments expected as a
25 result of enforcing or administering the rules, although the amounts cannot be estimated.
26

27 There may be estimated reductions in costs to the state and local governments as a result
28 of enforcing or administering the rules, although the amounts cannot be estimated.
29

30 There are no estimated losses or increases in revenue to the state, although there may be a
31 possible loss of revenue to local governments (i.e., Local Workforce Development
32 Boards on behalf of their local workforce development areas) as a result of enforcing or
33 administering the rules, the amounts cannot be estimated.
34

35 There are no foreseeable implications relating to revenue; while there may be
36 implications to the costs of the state or local governments as a result of enforcing or
37 administering the rules, the impacts cannot be estimated.
38

39 There may be anticipated economic costs to persons required to comply with the rules,
40 although the amounts cannot be estimated.
41

42 There may be anticipated economic impact on small or microbusinesses as a result of
43 enforcing or administering the rules, although it cannot be estimated whether these
44 impacts will be adverse.
45

1 We estimate that there may be additional costs, reductions in costs, and losses in revenue
2 to state or local governments, and economic costs to persons required to comply, as a
3 result of enforcing or administering the rule, largely because the considerable number of
4 Commission rules potentially subject to this provision, the potentially wide range of
5 effects, together with the presumed infrequency of times of public emergency or
6 imperative public necessity, make it difficult, if not impossible, to complete an accurate
7 fiscal note. Therefore, we have assumed that there may be associated costs, losses, and
8 impacts, although we cannot estimate them specifically. Such action by the Commission
9 could be imposed only if they find that such suspension will best serve the public health,
10 safety, or welfare.

11
12 Mark Hughes, Director, Labor Market Information, has determined that there is no
13 significant negative impact upon employment conditions in the state as a result of the
14 rules.

15
16 Luis M. Macias, Director, Workforce Development Division, has determined that for
17 each year of the first five years the rules are in effect, the public benefit anticipated as a
18 result of enforcing the proposed rules will be to respond immediately to address issues
19 arising as a result of emergencies involving the public health, safety, and welfare.

20
21 Comments on the proposed rules may be submitted to TWC Policy Comments, Policy
22 and Development, 101 East 15th Street, Room 440T, Austin, Texas 78778; faxed to 512-
23 475-3577; or e-mailed to TWCPolicyComments@twc.state.tx.us. The Commission must
24 receive comments postmarked no later than 30 days from the date this proposal is
25 published in the *Texas Register*.

26
27 The new rule is proposed pursuant to Texas Labor Code §301.0015(a)(5) and
28 §302.002(d), which provide the Commission with the authority to adopt, amend, or repeal
29 such rules as it deems necessary for the effective administration of Agency services and
30 activities and Texas Labor Code §301.062, which provides the Commission with the
31 power to make findings and determine issues under Title 4 of the Texas Labor Code.

40 **§800.5. Commission Professional Development Program.**
41

- 42 (a) Scope and Purpose. The Commission provides training opportunities to
43 enhance job skills and to retain a well qualified, trained, professional
44 workforce dedicated to the Commission's mission. The Professional
45 Development Program training includes instruction, teaching, or other
46 education received by a state employee that is not normally received by other

1 state employees and that is designed to enhance the ability of the employee to
2 perform the employee's job. This section establishes eligibility and related
3 requirements for employee participation in the Commission's Professional
4 Development Program.
5

6 (b) Eligibility. The executive director or the executive director's designee will
7 determine an employee's eligibility for the professional development
8 program. Factors to be considered include but are not limited to:
9

- 10 (1) An employee's job performance;
- 11
- 12 (2) A recommendation from the employee's supervisor;
- 13
- 14 (3) The relationship of the training to the employee's position; and
- 15
- 16 (4) Any other factor deemed relevant by the executive director or his
17 designee.
- 18

19 (c) Restitution from Employees for Training Costs. The employee training is
20 conditional upon all of the following:
21

- 22 (1) The employee shall attend and satisfactorily complete the training,
23 including passing tests or other types of performance measures where
24 required.
25
- 26 (2) At the discretion of the executive director or the executive director's
27 designee, the employee shall complete and file with the Commission
28 prior to the commencement of the training, on forms prescribed by the

32 the amount of the assistance.

- 34 (3) For any training paid for by the Commission, where the employee does
35 not perform the employee's regular duties for three or more months due
36 to the training, the employee shall:
37
 - 38 (A) work for the agency following the training for at least one month
39 for each month of the training period, prorated as appropriate; or
 - 40
 - 41 (B) pay the Commission for all costs associated with the training that
42 were paid before, during or after the training, including any

45
46

1 **§800.6. Charges for Copies of Public Records.**

- 2
- 3 (a) General Procedure. Except as otherwise specified in this chapter, the Texas
4 Workforce Commission (Commission) hereby adopts by reference the
5 definitions, methods, procedures, and charges for copies of public records set
6 out in the General Services Commission Rules at 1 TAC §§111.61 - 111.71,
7 as may be amended.
- 8
- 9 (b) Methods of Making Requests. Requests may be submitted in writing to the
10 following mailing address: Officer for Public Information, Texas Workforce
11 Commission, 101 East 15th Street, Austin, Texas 78778-0001. Requests
12 made by electronic mail (e-mail) shall be submitted to
13 open.records@twc.state.tx.us to be considered a valid request.
- 14
- 15 (c) Standard Fees. The Commission may establish a standard fee for the
16 handling of certain types of repetitive requests when the costs of responding
17 to such requests are substantially similar in most cases. The standard fee will
18 be the average costs of handling that type of request. The average cost is
19 calculated using the personnel, resource, and overhead charges set forth in the
20 General Services Commission rules and will be based upon a survey of a
21 representative sample of requests.
- 22
- 23 (d) Adjustments for Actual Cost. In the event that the actual costs of responding
24 to a given request are significantly lower or higher than the standard fee
25 charged for that type of request, actual costs will be charged in lieu of the
26 standard fee.
- 27
- 28 (e) Program-Related Requests. No charge will be assessed to an individual or an
29 employing unit for copies of records pertaining to that individual or
30 employing unit when the provision of records is deemed by the Commission
31 to be reasonably required for the proper administration of the Texas
32 Unemployment Compensation Act, found at the Texas Labor Code, Title 4,
33 Subtitle A.
- 34
- 35 (f) De Minimis Requests. No charge will be assessed to any individual or entity
36 for providing copies of records in response to a request for Public
37 Information under Texas Government Code, Chapter 552, when the total
38 records provided in response to all requests made by that same individual or
39 entity in any given 30-day period consist of fewer than 50 pages of readily
40 available, standard-size pages maintained as paper documents.
- 41
- 42 (g) Requests by Other Governmental Entities. Notwithstanding any other
43 provision in this section, provision of information to other governmental
44 agencies for purposes other than the administration of the Texas
45 Unemployment Compensation Act will be made only on a cost reimbursable
46 basis, with all costs being calculated in accordance with OMB Circular A-87,

1 as required by federal law at 20 Code of Federal Regulations §603 <eti>et
2 seq<et>. Charges to other governmental entities can only be waived when
3 the request is of an isolated or infrequent nature and when the costs of
4 responding to a particular request are negligible.
5

- 6 (h) Certified Records. In addition to the fees the Commission may charge for
7 providing copies of records, the Commission shall charge a fee of \$5.00 for
8 preparation of a certification instrument which may be attached to one or
9 more pages of records covered by the certification instrument.
10

11 **§800.7. Agency Vehicles.**

- 12
13 (a) Purpose and Intent. The purpose of this rule is to implement the provisions
14 of Texas Government Code Section 2171.1045. The intent of the
15 Commission is to ensure that the use and management of vehicles by the
16 Agency is consistent with the State Vehicle Fleet Management Plan as
17 adopted by the Office of Vehicle Fleet Management of the General Services
18 Commission. The Plan may be viewed on the internet at:
19 <http://www.gsc.state.tx.us/fleet>, or a copy may be requested from the Texas
20 Workforce Commission.
21

- 22 (b) The Commission adopts by reference and shall implement the provisions
23 contained in the State Vehicle Fleet Management Plan as referenced in
24 subsection (a) of this section including the following general provisions on
25 use of vehicles by the Agency.
26

- 27 (1) Vehicles, with the exception of vehicles assigned to field employees,
28 are assigned to the Agency motor pool and may be available for
29 checkout.
30
31 (2) The Agency may assign a vehicle to an individual administrative or
32 executive employee on a regular or everyday basis only if there is a
33 documented finding that the assignment is critical to the needs and
34 mission of the Agency.
35
36 (3) The Agency will work with GSC to identify, apply for, and if possible,
37 utilize any waiver or exemption provisions where the recognition of
38 conditions specific to the Agency would further the general purpose of
39 fiscal efficiency and good business practices.
40

41 **§800.8. Suspension of Rules.**

42
43 The Commission may suspend the operation of one or more of the provisions in
44 this title, on either a statewide or other basis, if the Commission finds a public
45 emergency or imperative public necessity exists, and the Commission finds that
46 the suspension will best serve the public health, safety, or welfare.
