7 The Texas Workforce Commission (Commission) proposes the following new section to Chapter
8 815, relating to Unemployment Insurance:

9
10 Subchapter B. Benefits, Claims, and Appeals, §815.29

11
12 **PART I. PURPOSE, BACKGROUND, AND AUTHORITY**
13 **PART II. EXPLANATION OF INDIVIDUAL PROVISIONS**
14 **PART III. IMPACT STATEMENTS**
15 **PART IV. COORDINATION ACTIVITIES**
16

17
18 **PART I. PURPOSE, BACKGROUND, AND AUTHORITY**

19 The Commission proposes new rules to comply with the benefit coordination provisions of the
20 Unemployment Compensation Extension Act of 2010, Public Law (P.L.) 111-205, enacted July
21 22, 2010.
22

23 P.L. 111-205 §3, Coordination of Emergency Unemployment Compensation with Regular
24 Compensation, speaks to circumstances in which an individual qualifies for a new benefit year
25 pursuant to Texas Labor Code §201.011(5) but retains entitlement for emergency unemployment
26 compensation (EUC) benefits from an immediately prior benefit year. In such cases, the
27 Commission must determine whether the individual qualifies for a weekly benefit amount of
28 regular compensation that is at least either \$100 or 25 percent less than the individual's weekly
29 benefit amount in the prior benefit year. The purpose of this section is to address cases in which
30 individuals take intermittent, part-time work to augment their unemployment benefits. Such
31 part-time work, inconsistent with their normal occupation and wage, comprises the base period
32 wage credits of a new benefit year, qualifying the individual for a substantially reduced weekly
33 benefit amount.
34

35 In such instances, the Act dictates that a state shall implement procedures that allow an
36 individual to continue receiving the higher weekly benefit amount by continuing payment of
37 EUC before payment of regular compensation or by paying both types of claims simultaneously.
38 P.L. 111-205 allows the state to use one of the following options:
39

40 (A) The state shall, if permitted by state law, establish a new benefit year, but defer the payment
41 of regular compensation with respect to that new benefit year until exhaustion of all emergency
42 unemployment compensation payable with respect to the prior benefit year;
43

44 (B) The state shall, if permitted by state law, defer the establishment of a new benefit year
45 (which uses all the wages and employment that would have been used to establish a benefit year

1 but for the application of this section), until exhaustion of all emergency unemployment
2 compensation payable with respect to the prior benefit year;

3
4 (C) The state shall pay, if permitted by state law:

5
6 (i) regular compensation equal to the weekly benefit amount established under the new
7 benefit year, and

8 (ii) emergency unemployment compensation equal to the difference between that weekly
9 benefit amount and the weekly benefit amount for the expired benefit year; or

10
11 (D) The state shall determine rights to emergency unemployment compensation without regard
12 to any rights to regular compensation if the individual elects to not file a claim for regular
13 compensation under the new benefit year.

14
15 In evaluating the options available under the federal law, the Commission has determined that
16 Option A—establishing a new benefit year, but deferring the payment of regular compensation
17 until exhaustion of all emergency unemployment compensation payable with respect to the prior
18 benefit year—is the most financially sound, efficient, and beneficial method to comply with this
19 new, temporary requirement. After exhaustive analysis, the Commission believes this option can
20 be implemented through a mix of automation changes in the unemployment insurance (UI)
21 Benefits System and changes to existing manual staff processes.

22
23 Option B—deferring the establishment of a new benefit year (which uses all the wages and
24 employment that would have been used to establish a benefit year), until exhaustion of all
25 emergency unemployment compensation payable with respect to the prior benefit year—is not
26 permitted under Texas Labor Code §201.011.

27
28 Option C—paying regular compensation under the new benefit year and paying emergency
29 unemployment compensation from the prior benefit year equal to the difference between the two
30 weekly benefit amounts—requires extensive, costly modifications to the Commission's UI
31 Benefits System as well as extensive changes to the UI claims-taking process. This option would
32 pay benefits immediately from the already strained state unemployment compensation fund.
33 Accordingly, the Commission has determined that it is not a cost-effective option.

34
35 Option D—allowing the individual to elect not to file a claim for regular compensation under the
36 new benefit year—could be implemented within a relatively short period of time, but it puts
37 claimants at the greatest risk of losing benefits eligibility. It requires claimants to make complex
38 decisions about receipt of benefits based on potential future monetary eligibility. The
39 Commission has found that Option A presents less risk to claimants than found under Option D.

40 41 42 **PART II. EXPLANATION OF INDIVIDUAL PROVISIONS**

43 44 **SUBCHAPTER B. BENEFITS, CLAIMS, AND APPEALS**

45 **The Commission proposes the following amendment to Subchapter B:**

1 **§815.29. Coordination of Emergency Unemployment Compensation with Regular**
2 **Compensation**
3

4 New §815.29 adds a temporary provision. It establishes a new benefit year, but defers the
5 payment of regular compensation for that new benefit year until exhaustion of all emergency
6 unemployment compensation payable for the prior benefit year—if the weekly benefit amount of
7 regular compensation in a new benefit year is at least \$100 or 25 percent less than the
8 individual's weekly benefit amount in the immediately preceding benefit year. This section is
9 repealed when the federal requirement no longer exists.
10
11
12

13 **PART III. IMPACT STATEMENTS**
14

15 Randy Townsend, Chief Financial Officer, has determined that for each year of the first five
16 years the rules will be in effect, the following statements will apply:
17

18 There are no additional estimated costs to the state and local governments expected as a result of
19 enforcing or administering the rules.
20

21 There are no estimated reductions in costs to the state and to local governments as a result of
22 enforcing or administering the rules.
23

24 There are no estimated losses or increases in revenue to the state or to local governments as a
25 result of enforcing or administering the rules.
26

27 There are no foreseeable implications relating to costs or revenue of the state or local
28 governments as a result of enforcing or administering the rules.
29

30 There are no anticipated economic costs to persons required to comply with the rules.
31

32 There is no anticipated adverse economic impact on small or microbusinesses as a result of
33 enforcing or administering the rules.
34

35 Mark Hughes, Director of Labor Market and Career Information, has determined that there is no
36 significant negative impact upon employment conditions in the state as a result of the rules.
37

38 LaSha Lenzy, Director of the Unemployment Insurance Division, has determined that for each
39 year of the first five years the rules are in effect, the public benefit anticipated as a result of
40 enforcing the proposed amendment will be to ensure compliance with federal and state
41 requirements.
42

43 The Agency hereby certifies that the proposal has been reviewed by legal counsel and found to
44 be within the Agency's legal authority to adopt.
45
46
