WD Letter 10-19

BACKGROUND:
Fidelity bonding is a unique job placement tool that provides insurance to protect an employer against employee acts of dishonesty and serves as an effective employer incentive for hiring job seekers with criminal or other questionable backgrounds. Certain at-risk individuals are automatically eligible for free fidelity bonding through the Texas Workforce Commission (TWC).

While assisting at-risk job seekers with employment is the main goal of fidelity bonding services, bonds are also available to cover employed workers who need bonding to prevent layoff or to secure transfer or promotion to a different position with an employer.
TWC will continue to provide free fidelity bonding services.

PROCEDURES:

No Local Flexibility (NLF): This rating indicates that Boards must comply with the federal and state laws, rules, policies, and required procedures set forth in this WD Letter and have no local flexibility in determining whether and/or how to comply. All information with an NLF rating is indicated by “must” or “shall.”

Local Flexibility (LF): This rating indicates that Boards have local flexibility in determining whether and/or how to implement guidance or recommended practices set forth in this WD Letter. All information with an LF rating is indicated by “may” or “recommend.”

NLF: Boards must be aware that TWC provides fidelity bonds at no cost.

LF: Boards are encouraged to use fidelity bonds as a tool to assist at-risk individuals with employment.
