1 2 3	to Participate in the Purchasing from People with Disabilities Program			
4 5 6 7 8 9 10 11 12 13	Background  Texas Human Resources Code §122.013 requires the Texas Workforce Commission (TWC) to establish rules for the certification of Community Rehabilitation Programs (CRPs) to participate in the Purchasing from People with Disabilities (PPD) program. TWC Chapter 806 Purchases of Products and Services from People with Disabilities rule §806.41 establishes requirements for participation in the program and subsequent adherence to those requirements once a CRP has been certified. A CRP must reapply every three years before the expiration date listed on its certification in order to continue participating in the program. PPD staff reviews each completed application and all required documentation and, once the materials are deemed acceptable, presents the application to TWC's three-member Commission for approval.			
14 15 16 17	Issue The PPD program has reviewed the applications one new CRP seeking certification and five CRPs seeking to continue participation in the program through recertification. All CRPs seeking certification and recertification will pay or currently pay minimum wage or higher.
