SUBJECT: **Board Instructions: Required Posters in Texas Workforce Solutions Offices**

PURPOSE

To remind Texas Workforce Commission (TWC), Workforce Solutions, and Workforce Board (Board) staff of the requirement to display all agency required posters.

BACKGROUND

The Agency-Board Agreement (ABA) for an Integrated Workforce System, Section 18.2, requires Boards display all posters required by the Agency in Texas Workforce Solutions Offices. The ABA required the FDCM division to provide annual guidance on which posters are required by the agency.

INFORMATION

Boards must ensure that Workforce Solution Office staff prominently display all posters required by the Agency. Workforce offices do not need to purchase required posters from private vendors. Government-issued compliance posters do not have to be laminated to satisfy an employer's regulatory obligation.

TWC's Business Operations Division maintains a [Required Notices SharePoint folder](#) with printable versions of all required posters specific to the agency. Building managers must ensure bulletin boards are updated to include the current versions of all required posters. The Risk and Security Management department will track compliance on an annual basis. Boards should follow instructions from Business Operations Risk and Security Management regarding the annual compliance review.

TWC REQUIRED POSTERS

All posters linked in the following section are available on the [Business Operations Required Notice SharePoint folder](#). If the link(s) provided below does not work, or to verify you are using the most recent version, please go to the folder to find the poster.
