Metrix Certification Tracks—Comprehensive Assistance Costs

Note: The costs listed below are provided to Local Workforce Development Boards (Boards) for information only.

Using Workforce Innovation and Opportunity Act (WIOA) and Temporary Assistance for Needy Families Employment & Training (TANF E&T) statewide funds, the Texas Workforce Commission (TWC) has contracted with Metrix Learning™ (Metrix) to make available to eligible individuals job readiness skills activities and other online courses. Additionally, Boards may refer qualified participants to Metrix for certification assistance services. The amounts listed below represent the full cost of Metrix certification assistance. TWC will pay these costs for eligible WIOA statewide participants enrolled in accordance with WD Letter 28-23.

Board Metrix liaisons must refer eligible individuals selected for Metrix certification assistance to certifications@metrixlearning.com.

The tracks listed below are available for Metrix industry certification assistance and training enrollment. TWC considers Metrix courses that are not directly connected to certification assistance to be short-term work readiness skills activities.

Note: The below lists may be amended to reflect changes to Metrix certification tracks.
